

Sparkling Silver...with a Splash of Color

Introducing new Reflections™ Duet™ cutlery, a unique single-use silver cutlery solution with a splash of color to create a “Wow!” presentation.

Reflections™ Duet™ offers a contemporary and sophisticated display that is unlike any other disposable option. Single-use cutlery that combines the silver sparkle of stainless with a sleek colored handle gives any setting a standout look and enhanced overall image. Reflections™ Duet™ addresses both the need for an elegant, one-of-a-kind presentation and the high expenses associated with renting or owning (cleaning, transporting, and replacing) permanent flatware.

Convenient 20 ct. bags are retail friendly and great for on-the-go events and inventory control.

For a sleek, stylish table setting, pair Reflections™ Duet™ with one of the many WNA dinnerware options in a variety of sizes, colors and shapes from the Milän™, Masterpiece™, Classicware® or Designerware™ product lines. WNA also offers a range of coordinating servingware and drinkware to complete the presentation.
